

SOUTH BAY TRAP LEAGUE NEWS – MAY, 2006

Once again, we had a very good day for our monthly tournament. The weather was sunny and pleasant. There were 110 shooters present. Considering the unbroken string of rainy days preceding the shoot, this was a good turnout. There were no interruptions and we finished shooting at about 5:30, well ahead of the 6:00 PM curfew. We especially want to thank Jerrie Hanamoto and his crew of club members for a flawless shoot. Our thanks to all you relief scorers.

Shooting 10 per station is not my preference. However, it is the fastest way to complete an event. With the curfew, it takes only a large turnout or significant interruption to push the shoot to the time limit. At the end of the day, even 15 minutes is important. It is **imperative** that doubles are finished because that impacts all of the shooters. The .410 event also is important, but it impacts only about 15% of the shooters. We will repeat 10 per station in October at the Grand.

Our next shoot is on May 6 at Waterford Gun Club. The office will open at 8:00 and shooting starts at 9:00. This club is about two hours from the Bay Area. Please try to leave home a little early. This club has one of the nicest settings of any of the SBTL clubs. It is worth the drive.

I want to welcome our new shooters. They were: Jim Angelo – MC and Jeff Bleile – SV. Jeff is a new Junior shooter. We welcome back Ron Farry and Robert Farry. We hope to see you often at SBTL events.

The primary supplier of SBTL buckles and money clips has gone out of business. We are trying to find an alternative. Please bear with us during this interim period.

The updated presquad list is printed elsewhere in the newsletter. There are a few changes and/or deletions. In the event that a squad has an open position, the Handicap Committee will fill that position(s) at their own **discretion**. For changes or additions to presquadding, call 408-395-0140 and leave a message before the shoot.

Rule Notes: Scoring errors do occur. Page 5 of our RULE BOOK says, “changes to the score sheet must be made before the shooter whose score is in question fires the first shot at the next station. If it is the last station in question, the correction must be made before the shooter leaves the field.” The Scorer has the final say in making changes. Arithmetic errors are not scoring errors; they are corrected in the office.

Rule Notes: Earned classification (Page 9) is an increase in the classification or yardage that occurs for a reason other than an increase in the shooter’s average. For example, if a shooter wins B Class Doubles, at the **next shoot** that shooter will shoot in A Class Doubles. If the shooter’s score in that next shoot does not make the shooter’s average high enough to be in A Class, then the shooter will return to B Class in the following shoot.

Hope to see you at Waterford. B. J.
