

## SOUTH BAY TRAP LEAGUE NEWS – SEPTEMBER, 2006

My commentary for this newsletter is being written in July. Consequently, there are not any comments about how the August 5 shoot went at County Sports Park. This strange timing is caused by my annual trip to the Grand American Trap Shoot which requires that I leave the Bay Area on Sunday morning following SBTL on Saturday.

Our next shoot is on September 9 at Newman. The office will open at 8:00 and shooting starts at 9:00. We will start two squads at a time in both the 16 yard and Handicap events and four squads at a time in Doubles.

In the last newsletter, you were referred to the SBTL rule book regarding Year-End buckle classification. This time, these rules are printed below. Please read these rules and see if your personal classification is correct. This is important because of the desirability of the buckles and the complexity of getting everything correct. Just this month, Dave Fleming pointed out an "error" in our process that impacted a few classifications. Thank you, Dave!

### Year-End Award Class Determination

Year-end classification is established after participation in an aggregate of four meets. The four meets can be in the current season, the previous season, or a combination of the current and previous seasons.

- a. Returning shooters who participated in four or more meets during the previous season: Year-end classification will be the same as their starting classification and yardage for the current season.
- b. Returning shooters who participated in fewer than four meets during the previous season: Year-end classification will be the same as their classification and yardage after participation in a total of four meets (number of meets in the previous season plus current season equals four) based on their averages and minimums (See E.5).
- c. Shooters who did not participate in any meets during the previous season: Year-end classification will be the same as their classification and yardage after participation in four meets in the current season based on their averages and minimums (See E.5).

The meets referred in this rule do not include the previous or current SBTL Grands. If there is a mistake, let us know because it is the **shooter's ultimate responsibility to see that it is corrected.**

**Reminder – Always examine your entry card classification before paying the cashier.**

### Repeating from last month:

Don't think the year is over if you are not in contention for these year end awards. There are 20 sterling silver buckles for the Grand (Oct. 14) alone. They are given out in the same manner as for any of our eight regular shoots with two exceptions. First, these awards are nicer than all other awards except the year end awards; second, the top 20 shooters plus alternates in the HOA standing **do not** compete for these 20 buckles. Those people are designated as **All-Stars** and compete among themselves for eight other similar buckles.

**Hope to see you at Newman in September. B.J.**
