

SHOOT NUMBER 3

RESULTS

APRIL 14, 2007

SOUTH BAY TRAP LEAGUE NEWS – MAY, 2007

There were 102 shooters at Sunnyvale on April 14. The weather was somewhat wet and the doubles targets were entertaining. Not a single shooter “dropped out” during the day due to conditions. After all, trapshooting is an outdoor activity and wind and rain are part of the scene. As one well known shooter said, “Wind and rain are the ‘sand traps’ of trapshooting.” Thanks to Jerrie Hanamoto and his crew, who ran a good shoot for us.

There were three new SBTL shooters in April: **Jeff Bray**, Eagles; **Chuck Leming**, Livermore-Pleasanton; and **Keriann Ermis**, Newman Valley. We hope you had a good experience and that you will become a “regular.” Bob Merrell, from Texas, was an active SBTL shooter for over 15 years. It was great to have him shoot with us that day.

REPEAT This is the last year for Sylvia and me to be active in running SBTL. After six years, it is time for new leadership. The work of the League is currently distributed among several people and could be divided even more so. **Please think about how you can help. SBTL is just too important to let die.** Unless someone steps up, there will be only **six more SBTL shoots!!**

IN APPRECIATION There are several people who volunteer their time to make SBTL operate smoothly. The “shoot computer” is operated by **Jessie Miyasaki**, with the aid of **Karen Herman**, **Betsy Warner**, and **Dave Fleming**. The records computer work, web site, and newsletter compilation is done by **Dudley Warner**. The shoot cashiering, computer verification, and score sheet work is done by **Sylvia Moore**, with the aid of Betsy and Karen. The trophy selection and acquisition is done by **Doyle Mack**. The shoot handicap and squadding table is run by **Shelly Bartholdi**, **Bart Clowdus**, and **Dave Meinert**. The mailed newsletter is done by **Sam Grove** and his wife **Patty Grove**. **Esther Puckett** runs two shoots for us at Newman. In addition, Sam Grove manages the .410 event and helps with squadding. Sam, Doyle, and **Keith Miyasaki** do the shoot-offs. All of these people regularly help out with other activities, as well. I know all of us want to say **Thank You** to this great and unselfish group of people.

RULE REVIEW Unlike ATA or PITA, SBTL changes a shooter’s handicap yardage based upon the shooter’s **average**. For the first shoot of the year, the average of the previous year (best five scores) **determines the yardage unless ATA, PITA, etc.**, would be a longer yardage. At the second shoot of the year, this prior year’s average is averaged with the first shoot score. At the third shoot, the average is the prior year’s average, averaged with the first and second scores, and so on, which can result in significant changes from shoot to shoot early on.

TIDBITS Shooters must shoot at their highest or longest classification if they participate in other than SBTL competitions. We must be told when, for example, you are classified as “AA” in an ATA shoot and we show you as “A” class in SBTL. Please read the SBTL rule book. **Safety is our number one concern at a shoot.** Muzzle position is of major importance. Although the rules are not specific, **I recommend** that the barrel be **pointed down at the ground** at all times when the gun is not being fired or in a rack. This includes the change of station routine.

PRESQUAD For changes or additions, call 408-395-0140.

The May shoot is at Waterford. The drive from the Bay Area is about 2.5 hours. It’s worth the time. The club is very nice and the shoots are run well. I hope to see you there. B.J.
