Management's Musings

101 Shooters tested their skills at Newman on a typically beautiful spring day in the central valley. The gentle breeze – ahhh – Mother Nature likes to remind us that we participate in an outdoor sport. The shoot was well run and scored by the Newman crew. The 5 starting traps for singles, and random doubles during the handicap event worked well and we were done with all shoot-offs by 5:30pm.

South Bay Trap League would like to extend a special welcome to our 5 new shooters this month: Gary Cook, Weston Freitas, Rodney Island, Ed Silvius and Richard Von Berckefeldt. We are happy to have you with us.

The participation for the last two shoots has been at the low levels of 2005. If it is a minor economic glitch, maybe we can surge through by bringing a friend to the next shoot and exposing them to the challenge of trapshooting?

We did great on absence notification for this shoot. Keep up the good work! Call 408-896-1452 or hit the click "[here](#)" key to report expected absences before each shoot.

CU on June 12 in Sunnyvale and remember we start signups at 8am and throwing birds at 9am because of the 6pm shooting curfew at this club.

Dennis and Warren

REMEMBER:

Due to shooting curfew restrictions, shooting at Sunnyvale always starts 1 hour earlier than the rest of the SBTL clubs. Please arrive at 8:00 A.M. and be prepared to shoot by 9:00 A.M.

Handicap Purses

Perpetual Purse \$120.00

To win, the participant needs to shoot a 25 straight from any trap. In the event of a tie, the payoff is divided among the total number of 25's that are posted.

This purse is open to all shooters.

Perfect 50's \$351.00

To win, the participant needs to shoot 50 straight at Handicap. Seventy-five percent (75%) of the purse, including the fees from that shoot, will be divided between the Perfect 50's participating at that shoot.

To play this purse, a shooter is required to have shot at least three (3) previous South Bay Trap League meets between the current and previous years.

Please remember to check your handicap at each shoot before you register.

Unless you are a new shooter, all handicapping is done through the SBTL automated handicapping system. If the results of the auto-handicapper do not make sense to you, please email or speak to Warren FAY at the tournament for an answer. We are happy to explain or correct the handicapping as is necessary. As a reminder, all handicapping corrections need to be made before the shooter shoots his/her first bird of the event.

Rules review: It is the shooter's responsibility to verify and review their score for each post, and to assure the score sheet is clearly marked by the scorekeeper before it is submitted to the office. Scores for a post become final when the shooter shoots their first target at the next post, or (for the last post) when they leave the trap field. SBTL and ATA rules require that corrections be clearly labeled with the word 'DEAD', otherwise they are to be scored as a lost target.
